

SYED SHABNAM

+91 9059258987 | Location: Vijayawada, AP

Email: syedshabnam07@gmail.com

OBJECTIVE

- A focused and goal-oriented science graduate with zeal to make a winning career in Software industry Skills in analyzing and interpreting unique problems, with a combination of project experience and logical & analytical thinking to find the right solutions

WORK EXPERIENCE

June 2024-july 2024

- I was completed an internship at **VXL IT Solutions**, where I had the opportunity to develop my skills, particularly in **Cloud Computing**.
- Developed and optimized a secure password generator using SaaS architecture and cloud computing, ensuring strong encryption and data security.
- Collaborated with the development team to integrate the tool into client systems, enhancing scalability and access control.
- Gained hands-on experience with cloud technologies, APIs, and SaaS implementation, contributing to secure and scalable solutions.

EDUCATION

B.SC(Statistics), KBN College | 2022 -2025 | Percentage : 77%

Intermediate - MPC, KBN College | 2020 – 2022 | Percentage : 73%

SSC - FuturePath High School | 2019 – 2020 | Percentage : 79%

INTRESTS

- Solving Tech Puzzles
- Internet Surfing

STRENGTHS

- Punctual and Responsible
- Active Listening

PROJECTS

Password Generator using SAAS and Cloud Computing

- Developed a secure password generator tool utilizing SaaS and cloud computing technologies to create strong, random passwords for users and organizations.
- Leveraged cloud infrastructure to ensure scalability, reliability, and high availability of the service.
- Implemented encryption techniques to protect sensitive data, ensuring compliance with industry-standard security protocols.
- Integrated the password generator with client systems via APIs, improving access control and security.
- Gained hands-on experience with cloud platforms (e.g., AWS, Azure), APIs, and SaaS development for building secure, scalable applications.

SKILLS

- Proficient in C programming language
- Effective created websites using **HTML** and **CSS**
- Strong understanding of Java Script
- Excellent problem-solving and troubleshooting skills
- Strong knowledge on Python

CERTIFICATIONS

- TCS ION NQT - IT
- Cloud Computing - IBM
- Digital Forensics Essentials – EDX
- Soft Skills Development - Unnati
